This is a great opportunity to revisit the gardens you toured on Saturday, plus some of the other outstanding gardens in the Charlotte area who have graciously opened their gardens for you!

We all take great pride in preparing our gardens for visitors, so always be respectful and show your appreciation for all the work the host has done to prepare the garden for your visit.

Garden etiquette:

- Advise garden host ahead of time that you are planning to visit. (Not necessary for Open Gardens.)
- Stay on the paths and trails and don't step into plant beds without asking the host first.
- And don't dead head or pull weeds in the garden.
